Tourist Tax

What is the tourist tax used for ?

The receipts of the tourist tax are, in accordance with the law, exclusively allocated to expenditure intended for:

- To promote the destination,
- To increase the tourist numbers,
- To improve the reception of tourists, in close collaboration with the Maurienne Galibier Tourist Office, it constitutes a resource for the tourist development of the destination, in particular by financing communication and the promotion of outdoor activities.

Who should pay it ?

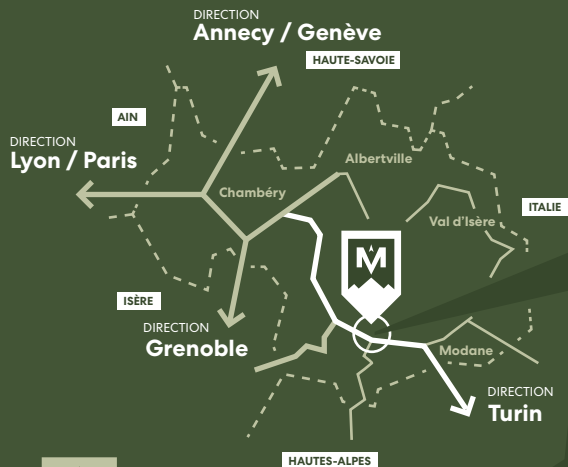

In accordance with article L.2333-29 of the General Code of Territorial Communities (CGCT), this tax is paid by the persons accommodated, who are not domiciled in the territory and who do not have a residence for which they are liable to housing tax.

Children under the age of 18 and persons holding a seasonal work contract in the territory are exempt from it.

Who should collect it ?

The tourist tax is collected by all the hosts and is paid to the community of Maurienne-Galibier municipalities, which in turn pays it in full to the OTI Maurienne-Galibier. The tourist tax is charged per night and per person.

The rates are fixed by deliberation and vary according to the category and classification of the accommodation. They are displayed in your accommodation.
